PETITION UNDER RULE 1.47(a)

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

The applicants hereby petition under Rule 1.47(a) to proceed with examination of this application without inventor Susan Radka's Declaration pursuant to Rule 1.63. As described below and evidenced by the attached Declarations and exhibits, inventor Radka has refused to cooperate in the prosecution of this application.

The following describes the efforts undertaken to obtain inventor Radka's cooperation and the results obtained:

1. As attested to in the accompanying Declaration of Rodney Romasanta, on January 8, 2007, Rodney Romasanta, a legal file clerk working at Sirna Therapeutics, Inc., (hereinafter "Sirna," to whom the present application is assigned or under obligation of assignment by each of the inventors) sent by FedEx courier a document package containing an Assignment and combined Declaration pursuant to Rule 1.63 and Power of Attorney to the address of inventor Radka last known to Sirna:

7933 Orion Way
Arvada, CO 80007.

2. Attached to Mr. Romasanta's Declaration as Exhibit A is the FedEx tracking report showing that the package was delivered to this address on January 10, 2007, the following day.

3. Mr. Romasanta attests that inventor Radka never replied to him regarding the documents.
4. Mr. Romasanta further attests that on January 18, 2007, he left a voice-mail message at inventor Radka's telephone number last known to Sirna indicating that he had verification that she had received the FedEx package he had sent her and requesting that she sign and return the documents, further adding that she should contact Mr. Romasanta if she had any questions. Mr. Romasanta attested that inventor Radka never replied to him in response to the voice-mail message.
5. On March 9, 2007, the undersigned sent to inventor Radka at the address listed in paragraph numbered 1 of this paper by FedEx courier a package containing the complete specification, claims, and abstract; combined Declaration under Rule 1.63 with Power of Attorney; and Assignment with a request to review all the documents and then sign and date both the Assignment combined Declaration and Power of Attorney and return them in the enclosed pre-paid FedEx envelope. Inventor Radka was also encouraged to contact the undersigned if she had any questions.
6. Attached hereto as Exhibit A1 is the FedEx tracking report, showing that the package sent to inventor Radka was successfully delivered on March 12, 2007.
7. The undersigned never received any sort of response from inventor Radka.
8. As attested to in the accompanying Declaration of Alicia Vagts, in-house legal associate for Sirna Therapeutics, Inc., on April 9, 2007, Ms Vagts left a voice-mail message at the same telephone number used by Mr. Romasanta on January 18, 2007.
9. Ms. Vagts attests that inventor Radka is no longer employed by Sirna Therapeutics, Inc.
10. Ms. Vagts further attests that on April 10, 2007, inventor Radka responded to Ms. Vagts voice-mail message. Ms. Vagts attests that inventor Radka stated she was displeased with the circumstances surrounding her separation from Sirna and that she would not cooperate with Sirna. Ms. Vagts further attests that inventor Radka stated she was uninterested in the patent application, would not cooperate in prosecution of the application, and would not execute the inventors' Declaration.

It is respectfully submitted that the foregoing facts together with the accompanying Declarations of Alicia Vagts and Rodney Romasanta provide sufficient evidence that inventor Radka refuses to cooperate in the prosecution of the present application and that this petition under Rule 1.47(a) should be granted.

If there are any questions or The Patent Office is encouraged to contact the undersigned as indicated below.
